Mission Statement of The House Rabbit Connection, Inc.

We are an all-volunteer, nonprofit corporation with three primary goals:

To take in adoptable, abandoned rabbits from animal welfare organizations, animal control officers and veterinarians, to provide temporary foster care, to get them spayed and neutered, and to find permanent, quality indoor homes for them

To educate the public and assist humane societies and shelters in teaching rabbit care to the public

To reduce, primarily by public education, the number of rabbits discarded at shelters or turned loose when no longer wanted

The House Rabbit Connection of Massachusetts & Connecticut is a nonprofit [501(c)(3)] org.
